Welcome

Charity Ball

Communities for Communities grew from a conversation amongst friends around a kitchen table in Abbotsford in 2002.

Its goal then – as it is now – was to find a way to build and celebrate our local community of Canada Bay, and at the same time to reach out and help another community to meet its needs.

“Our sense of connectedness as people is at the heart of Communities for Communities,” says Lance Brooks, the group’s Founder and President. “It’s something that sometimes gets lost in our busy culture. Communities for Communities is about strengthening these ties and building a sense of belonging at the local level.”

Each time we come together through the events we run, we build and celebrate our community – and gain insight into the needs of another group of people whom we are able to help.

“No-one is paid for their work with Communities for Communities, so 100% of fund raising proceeds go directly to our partner communities”

Since we began in 2002:

- We’ve hosted around 100 events
- Enlisted the help of hundreds of volunteers
- Had around 30,000 people come along as supporters
- Engaged with hundreds of businesses who have supplied prizes, donations or sponsorship
- Raised more than \$1m for the communities we’ve helped
- Supported our partner communities in Ranong on the Thai/Burma border, Cebu, South Vietnam and locally at Lucas Gardens School for students with disabilities in Five Dock
- And most importantly of all, we’ve had a lot of fun along the way!

And we’d like to welcome you to join us in this journey!
